

This year's Ottawa Code Camp is on May 2, 2009 at Algonquin College. The day long coding event includes three tracks of speakers for a total of 12 sessions focused on Microsoft related development.

Our speakers are senior developers from Ottawa, Gatineau, Montréal developer communities and the presentations will deal with code, code and even more code. Read all about our [Speakers](#), their [Sessions](#), and the [Code Camp Agenda](#) on the code camp website [www. OttawaCodeCamp.ca](http://www.Ottawacodecamp.ca) . This year, we are offering a Birds of Feather session in the afternoon for all developers to flock together.

Our sponsors have even provided us some very cool door prizes and a Grab Bag with cool stuff for each participant who attends this year's Ottawa Code Camp. If you are a Coder/Developer you should in attend on Saturday , May 2, 2009 at [Algonquin College](#).

This is going to be a really awesome learning experience. To register, please click on this link and it will take you to the code camp [Registration Page](#)
